PRIVILEGES JUST FOR YOU...

SUISSCOURTAGE

Suisscourtage was founded in Monaco in 1988, the result of the Pastor Group's diversification into insurance. It was initially established to service the insurance requirements of the occupants of the buildings belonging to the Group, also the construction and renovation of its apartments and commercial properties within the Principality. Having extended its activities to Cannes, Menton and Antibes, Suisscourtage is now the leading brokerage on the French Riviera.

The increase in demand for bespoke insurance services for luxury yachts and private jets was the catalyst for establishing an international presence in London and Luxembourg, and the introduction of the brands OnlyYacht and OnlyJet. To enable us to take advantage of the most competitive and appropriate solutions for all members of our VIP clientèle, we have subsequently created OnlyOne Exclusive Insurance and OnlyClub, complementing a portfolio of services designed to fulfil the fundamental values shared by all in Suisscourtage: To advise, to negotiate, to accompany, and to have the will to be the best.

ONLYCLUB

Our personalised service has been enhanced with the introduction of The OnlyClub, a new addition to the Suisscourtage portfolio, giving a range of exclusive benefits and advantages to the cardholder on the Côte d'Azur.

As a member, you will be able to attend various private functions and facilities.

Treat yourself at exclusive restaurants, spend an evening at the ballet or practise your swing on the golf course, either as our guest, or at a special members' rate.
